1. Report Purpose

The purpose of this report is to update the Committee on the monitoring of ROA targets for 2016/17.

2. Recommendations

The Learning and Teaching committee are asked to note the report.

3. Background

The ROA requires each of the Glasgow colleges to meet a range of targets in each of the high level outcomes – this includes overall credits delivered, credits by economic sector, credits of learners in lowest 10 % SIMD areas, credits delivered at SCQF levels 1 to 6 and post course destinations.

4. Risk Analysis

SFC will closely monitor progress and delivery of targets. There is a clear expectation on colleges to meet ROA targets.

5. Legal Implications

There are no specific legal implications.

6. Financial Implications

There is the potential of financial clawback if credit targets are not met.

7. Regional Outcome Agreement Implications

Our various credit targets are an important aspect of our agreed contribution to the ROA and as such our failure to achieve will adversely affect the region's ability to deliver its activity targets.

8. Has an Equality Impact Assessment been carried out (Y/N/NA)
