

Glasgow Colleges

Vocational Progression Pathways

2015/16

INTRODUCTION

This guide highlights the full time learning opportunities available at Glasgow's three further education colleges. The individual course and qualification options have been grouped into eight vocational areas. As well as details on where each course is delivered, each vocational section of the guide also includes details on progression routes and potential career options. The graphic on this page illustrates how to use the guide.

Every effort has been made to ensure that the information contained within this guide is accurate at the date of publication. However, course offerings at individual colleges are subject to change as college circumstances dictate. The most accurate current course information can be found at the individual college websites:

www.cityofglasgowcollege.ac.uk
www.glasgowclyde.ac.uk
www.glasgowkelvin.ac.uk

Information and comparisons on the various qualifications offered by schools, colleges and universities in Scotland can be found on the Scottish Credit and Qualifications Framework (SCQF) website: scqf.org.uk

Navigation Menu

SCQF Level and entry requirements

The screenshot displays a digital guide interface for Performing Arts and Employment Opportunities. The interface is organized into several sections:

- Navigation Menu:** Located at the top, it includes a 'Main Menu' button and a 'Print' button.
- SCQF Level and entry requirements:** A vertical column on the left side of the main grid, listing SCQF levels from 4 to 10.
- PERFORMING ARTS:** The main title for the top section, which contains a grid of course cards. Each card features a color-coded shape (e.g., blue, green, orange) indicating the delivery location.
- Employment Opportunities:** A section at the bottom of the main grid, featuring a grid of job roles (e.g., Assistant, Musician, Event Organiser) and a 'Print' button.
- Colour coded shapes indicate delivery location:** A legend on the right side of the interface explains the color-coded shapes used in the course cards.
- Link to college of delivery:** A text label pointing to the color-coded shapes in the course cards.
- Mouse over course areas to reveal employment opportunities:** A text label pointing to the 'Employment Opportunities' section.
