Discussion

Focus Group discussion was on the whole very positive, with the main highlight being the support of lecturers. Many were commended for excellent and varied teaching styles, valuable notes or good use of VLE. During discussion, there were also specific issues highlighted by learners on some courses and detailed feedback from each focus group has been presented to the appropriate Senior Lecturer and Head of Curriculum for reflection and action.

Questionnaire

Following discussion, all focus group participants completed a short questionnaire to enable individual opinion to be captured. Feedback on learning and teaching, assessment and resources was provided and again was mainly positive. In addition participants were asked to rate their level of agreement with the following statements from 1 (disagree) to 5 (agree) with the following average responses:
