1. Introduction

1.1 About this plan

This is the BSL Plan for Glasgow Clyde College as required by the BSL (Scotland) Act. It sets out actions we will take over the period 2018-2024.

It follows the BSL National Plan, published 24 October 2017, which was developed through extensive engagement with D/deaf & Deafblind BSL users and those who work with them.

Our plan is framed around the same relevant long-term goals as the national plan.

1. Scottish Public Services - Across the Scottish public sector, information and services will be accessible to BSL users*.
2. Family Support, Early Learning and Childcare - The Getting it Right for Every Child (GIRFEC) approach will be fully embedded, with a D/deaf or Deafblind child and their family offered the right information and support at the right time to engage with BSL.
3. School Education - Children and young people who use BSL will get the support they need at all stages of their learning, so that they can reach their full potential; parents who use BSL will have the same opportunities as other parents to be fully involved in their child's education; and more pupils will be able to learn BSL at school.
4. Post School Education - BSL users* will be able to maximise their potential at school, will be supported to transition to post-school education if they wish to do so and will receive the support they need to do well in their chosen subject(s).

5. Training, Work and Social Security - BSL users* will be supported to develop the skills they need to become valued members of the Scottish workforce, so that they can fulfil their potential, and improve Scotland's economic performance. They will be provided with support to enable them to progress in their chosen career.

6. Health, Mental Health and Wellbeing - BSL users* will have access to the information and services they need to live active, healthy lives, and to make informed choices at every stage of their lives.

7. Transport - BSL users* will have safe, fair and inclusive access to public transport and the systems that support all transport use in Scotland.

8. Culture and the Arts - BSL users* will have full access to the cultural life of Scotland, and an equal opportunity to enjoy and contribute to culture and the arts, and are encouraged to share BSL and Deaf culture with the people of Scotland.

9. Justice - BSL users* will have fair and equal access to the civil, criminal and juvenile justice systems in Scotland.

10. Democracy - BSL users* will be fully involved in democratic and public life in Scotland, as active and informed citizens, as voters, as elected politicians and as board members of our public bodies.

**** Wherever we refer to 'BSL users*' throughout this plan, we mean D/deaf and/or Deafblind people (those who receive the language in a tactile form due to sight loss) whose first or preferred language is British Sign Language.***

This BSL plan supports our published College Development Plan 2016-2020 that sets out our ambitions for the college, its' staff, students and key stakeholders and the way in which we intend to do business.

We welcome all feedback please, and details of how you can do this are available in the final section 4 of this plan.
